Local Happenings of City and Territory Briefly Told.

A three room house on West Logan sold yesterday for \$850.

Dr. Gunn has taken offices on First and Oklahoma.

Miss May Calvert is recovering from a severe case of typhoid fever.

It is said a local bank will soon change ownership.

J. J. Abell is receiving another large invoice of fall and winter clothing.

The local Salvation army has imported a new captain and sweet voiced singing girl.

The local plumbers have organized a union to keep prices up.

H. C. Prescott, a Pl. Smith and Western engineer, is in the city. "The Pl. Smith road will be completed to Guthrie Feb. 25," said he.

M. L. Callie and family have moved to Wichita. His house, corner First and Noble, is occupied by Supt. and Mrs. L. W. Baxter.

The Walcher murder case is on trial at Kingfisher this week. Judge Buckner is counsel for Walcher, who killed John Stone.

O. R. Fegan is priming his voice preparatory to an oratorical outburst at Pawnee Tuesday night. Fegan never falters.

The Savings Department of the Capitol National bank is growing in popularity daily. The savings deposits now amount to nearly thirteen thousand.

Skip Brown, the Cad of the city health department, today issued a new cleaning up edict, which carries with it a \$10 fine.

Mayor Ball says the kick against the electric plant was fanciful and premature. It seems the council was not aware of the improvements going on at the plant.

W. D. Wiley and Ora Thompson have opened a drug store in a portion of J. C. Tuttle's room on Oklahoma avenue.

Mrs. L. N. Homsher, who has been undergoing treatment at Blesh hospital, has been removed to her home. She is greatly improved.

Marshall Folsitt has returned to the city bringing tidings that Ned Sison is not married; that he did not go to Ohio to get married and that he will not marry until he wants a wife.

Judge Burwell will have his time fully occupied at Tecumseh court. The Potawatomi district court dockets contain over 500 cases, about 450 of which appear on the civil with 55 or perhaps more on the criminal docket.

William H. Trapp, clerk for the townsite commission of the Chickasaw nation, is at Duncan giving out appraisal notices. The business lots were appraised from \$200 for the highest to \$25 for the lowest; residence lots from \$80 down to \$5.

The new electric light franchise has been forfeited. It seems the new syndicate wanted a 10 year contract and a 40 year franchise, and refused to operate for any less. The local promoters lost \$4,500 by reason of the forfeiture.

Stroud Messenger: A bull snake drove a hen off her sitting of eggs in a Woods county hen house, was unable to crawl through the slit covering the nest. The snake hatched the remaining eggs, and Jesse Dunn of Alva alleges that the chickens have eaten them instead of feathers.

The ground and building of old Ft. Gibson, noted as having been the home of General Sam Houston for a number of years, also the stopping place of Washington Irving, when that noted author was getting material for one of his books in the Indian territory, will be sold by the Cherokee nation to the highest bidder soon.

Mayor L. B. Henderson, of Holdenville, is out with a card in the Tribune in which he says: "I have been offered, time and again, to sell out to the gamblers of this city, but I want it understood, once for all, that I am not for sale. If you gamble I will get you, so beware."

## 92 YEARS OLD, KIDNEYS HEALTHY.

MRS. REBECCA SMITH OF WESTFIELD, N. J., WHO IS 92 YEARS OLD, WAS CURED OF KIDNEY AND BLADDER DISEASE AND IS KEPT PERFECTLY HEALTHY BY WARNER'S SAFE CURE. A TRIAL BOTTLE OF THIS GREAT CURE SENT ABSOLUTELY FREE TO ANY READER OF THIS PAPER.

Doctors say: "Almost Every One Has Kidney and Bladder Trouble Before Fifty Years of Age."

On November 18, 1901, Mrs. Smith says: "I was 92 years old my last birthday. My husband was a veteran of the Civil War. I have a daughter and eight grandchildren living. Some years ago I had a great deal of sickness, and for a long time did not know that it was caused by the diseased condition of my kidneys and liver. As soon as my doctor found I had kidney trouble he prescribed Warner's Safe Cure. I had experimented with other remedies which did me no good whatever, but as soon as I took a few doses of Warner's Safe Cure I felt better, and a few bottles completely cured me and made me feel like a woman thirty years younger. My kidneys, liver and bladder are in just as healthy condition since I have used Warner's Safe Cure as they were fifty years ago. It is a greater medicine than it is claimed to be. Notwithstanding I am 92 years old, I possess a good head of hair, my sight and hearing are good, and since I have used Warner's Safe Cure I have enjoyed the very best of health. I cannot speak too highly of this great medicine. No doubt it has saved the lives of thousands of people who would have gone to early graves had they neglected their kidneys and bladder and not taken Warner's Safe Cure. It is truly a Godsend to any one who is troubled with diseases of the kidneys, liver or blood."

Kidney disease if neglected quickly spreads and causes serious complications, such as Bright's disease, gravel, uric acid poison, rheumatism, rheumatic gout, dropsy, indigestion and liver trouble. Every one should make a test, and if the slightest trace of kidney disease is found to exist no time should be lost in sending for a trial bottle of Warner's Safe Cure, which is guaranteed to cure any diseases of the kidneys, liver, bladder or blood.

THOUSANDS OF MEN AND WOMEN HAVE KIDNEY DISEASE AND DO NOT KNOW IT UNTIL IT IS TOO LATE.

Put some morning urine in a glass or bottle; let it stand for twenty-four hours. If then it is milky or cloudy or contains a reddish-brown sediment, or if particles or germs float about in it, your kidneys are diseased. This is the supreme moment when you should begin to take Warner's Safe Cure to arrest all these unsatisfactory conditions, for they are the unmistakable symptoms of kidney disease. If after you have made this test, you have any doubt in your mind as to the development of the disease to your system, send us a sample of your urine, and our doctors will analyze it and send you a report, with advice, free.

### Warner's Safe Cure

is purely vegetable and contains no harmful drugs; it does not constipate; it is now put up in two regular sizes and is sold by all druggists, or direct, at

50 CENTS AND \$1.00 A BOTTLE.

Refuse substitutes. There is none "just as good as" Warner's. Insist on the genuine Warner's Safe Cure, which always cures. Substitutes contain harmful drugs which injure the system.

#### TRIAL BOTTLE FREE.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that Warner's Safe Cure will cure them, a trial bottle will be sent absolutely free to any one who will write Warner's Safe Cure Co., Rochester, N. Y., and mention having seen this liberal offer in this paper. The genuineness of this offer is fully guaranteed by the publisher. Our doctor will send medical booklet, containing symptoms and treatment of each disease and many convincing testimonials, free, to any one who will write.

A neat style look is being sent to the Guthrie patrons of A. O. Farquharson by Hart, Schaffner and Marx, manufacturers of fine clothing at Chicago.

"George W. Landis, who has been a bookkeeper in the Farmers' and Merchants' bank for several weeks, went to Guthrie last week, to take a similar position at the Guthrie National bank. Mr. Landis is an excellent bookkeeper and pleased the farmers and merchants with his excellent work.—Thomas (Okla.) Tribune.

Leading Mississippi Choctaws of Ardmore have perfected a permanent organization, the purpose being to protect the interests of the Mississippi Choctaws in the allotment of land, which will be made if the Indian treaty is ratified next Thursday. The following officers were elected: Dr. J. F. Young, president; Dr. Richard Lemay, secretary; and Dr. J. F. Bon, vice president and assistant treasurer.

Many people imagine that the incandescent electric light gives out little or no heat, but it is found that of the energy consumed, only 6 per cent. is converted into light while 94 per cent goes into heat. A lamp immersed in water will bring the water to a boil, and many cases of fire have been caused by carelessness in letting inflammable substances rest in contact with the lamps.

The Choctaw has decided to build the Guthrie line to Sparks. The new line runs twelve miles southwest of Chandler, where it meets or crosses the Fort Smith and Western railway. At one time it was believed that the Choctaw (Rock Island) and the Santa Fe would jointly use the track between Chandler and Shawnee, but that has been denied by both lines. The belief is growing stronger daily that the Fort Smith and Western has fallen into the hands of the Rock Island, and that the western end of the line will be built as the Choctaw and the eastern end as the Fort Smith and Western.

Stroud Messenger: Last Sunday morning a man by name of C. E. Stroud was found in an unconscious condition on the depot platform. He was removed to the police headquarters, where he died in a short time. Justice of the Peace John Murphy, and jurors R. L. Taylor, R. T. Owens, John Long, John Oiler, T. H. Wallace and R. L. Shultz held an inquest and found "that the deceased came to his death from cause unknown, and not feloniously. Stroud was a stranger, being here only a few days for E. Brown, on the telephone line. The marshal telegraphed to his home in Missouri, but no one seemed interested enough to come after the body, so the remains were buried in Stroud cemetery Monday.

#### PRESIDENT'S KANSAS TRIP.

(By Associated Press.)

Topeka, Kas., Sept. 27.—A rousing reception awaits President Roosevelt in the sunflower state. The presidential train is scheduled to reach Topeka at 6 o'clock tomorrow morning, and will remain here until Monday morning at 10 o'clock. From here the president will go to Leavenworth, reaching there about 4 o'clock in the afternoon. A twenty minute stop will be made at Leavenworth, to give the president time to make a speech from the rear platform of the train.

#### THEOSOPHISTS TO MEET.

(By Associated Press.)

Chicago, Ill., Sept. 27.—Many delegates are arriving for the sixteenth annual convention of the Theosophical Society of America, which opens in this city tomorrow. The convention, which will be the most important of its kind ever held in this country, will be in session three days, and will be attended by the representatives of the society from different parts of the world, and by delegates from all over the United States, Canada, Mexico and the Hawaiian Islands. The general reports to be presented to the convention will show that the growth of the theosophical movement continues at a gratifying rate.

#### "Brooks' Theatre."

"Hoyt's Comedy Co." opens a five night engagement at Brooks' theatre on Monday evening, Sept. 28. The company is well known in Guthrie and the press in the cities where the company have appeared this season speaks of the company in much stronger terms than ever.

The following is taken from the Houston (Tex.) Daily Post:

A large audience attended the matinee performance of "An American in Europe" at Sweeney and Coombs theatre yesterday, and the witty lines and comic situations brought forth round after round of applause from the highly amused audience. In the evening a packed house greeted "Lemon Life," which abounded with melodramatic situations and gave a vivid picture of the "sunny side" of life in the world's great metropolis. The character acting of the leading members of the cast was of a high order of excellence, and the vast crowd was thoroughly delighted by the clever performance. The specialties, unusual in number, gained great favor with the people and it looks as if Manager Bergman would have frequent use for the R. O. sign during the balance of the engagement of Hoyt's popular comedy company. At the matinee today that screaming farce "A Boy Wanted," and at the evening performance "A Live Wire."

If you can't buy new clothes get out your old ones, we make them like new. Yes we renovate ladies' clothes. Webb Tailoring Co., under Bank of Indiana Territory.

#### RAILROAD TOPICS

Denver, Enid and Gulf.

The grading is all completed on the D. E. and G. between Enid and Marshall. The track is laid, and trains are running to a point about two miles south of the Skeleton. As soon as the weather clears up, the force of track layers will begin work, and build from one to three miles per day, until Marshall is reached. With good weather, trains should be run into Marshall before the 15 of October.

Good Towns.

There will be three or four good towns on the Denver, Enid and Gulf between Enid and Guthrie and Oklahoma City. This road traverses the richest portion of the territory.

Enid and Anadarko.

The Enid and Anadarko branch of the Rock Island will soon reach Anadarko. The line will then be completed, and trains will run through Enid to Lawton. The Lawton traffic is now handled over the main line, the Chickasha-Mangum line, and the spur from Anadarko to Lawton. Under the new arrangements, all the Rock Island's vast southwestern business, including that of Lawton and the territory beyond, will be handled through Enid.

Arkansas Valley and Western.

R. M. Johnson, who has the contract for grading the first fifteen miles east from Enid, on the A. V. and W., has established his headquarters here. He has men and teams ready to commence the work at once, and will probably have the entire distance covered within a week.

Grading along this line is progressing very fast from Sapulpa west, much of it being completed in Noble and Pawnee counties. It will not be many months before trains will be running into Enid over this line.

#### Buying Coal Lands.

The Chicago, Rock Island and Pacific railroad company, which will extend its line from Morris to St. Louis, is buying valuable coal rights along the proposed extension, between Farmersville and White Oaks. Truman K. Gore, son of former Auditor of Public Accounts Gore, of Carlinville, and E. E. Leeds, of East St. Louis, are acting as agents for the Rock Island road in buying the lands. So far they have secured 23,500 acres, the average price being \$12.50 per acre.

The Weaver Coal company of Chicago has purchased the coal rights of 5,000 acres in the vicinity of Farmersville, paying \$22.50 an acre. These deals comprise a considerable part of the coal rights in Montgomery county.

#### Santa Fe Oil Wells.

F. T. Perrie, the head of the Santa Fe's oil properties, has prepared some interesting figures on the production of oil from the various wells of the Fullerton district. According to Mr. Perrie's figures the total output of the wells in the Fullerton country amounted to 45,928 barrels, 42 gallons to the barrel. The gusher which spouted the largest amount of oil was No. 26, producing over 13,000 barrels. The pump was put on No. 27, August 8, and by the first of September over 8,000 barrels had been brought to the surface. The pump was put on No. 30 August 20, and before the end of the month over 3,000 barrels had been pumped.

#### Fraco Division.

The Enid Eagle says: Only one deal remains to be closed before work can be commenced on the great Fraco division tracks, shops and round houses. The representatives of the city could not close with O. D. Hubbell, who asks much more for his property than the committee thought it was worth. As soon as a deal is obtained for this property, work will be commenced, and Enid will before long be one of the most important division points on the great Fraco system.

#### Blackwell, Enid and Southwestern.

The grading is all completed on the B. E. and S. between Enid and Vernon, Texas, and all the track is laid with the exception of a few miles near the South Canadian river. In one week of good weather the last spikes will have been driven and through trains will then be run from Enid to Vernon.

The distance from Enid to Vernon is about 230 miles. The country traversed by the B. E. and S. is a very productive and capable of sustaining a large population. Vernon is a much smaller town than Enid, and there are no large towns between. Therefore the entire territory being opened up is directly tributary to Enid jobbing houses.

#### CALLAHAN-MCCLELLAND.

(By Associated Press.)

Toronto, Ont., Sept. 27.—Those old time rivals, Tim Callahan and Jack McClelland, are scheduled to come together again tonight before the Toronto Athletic club. The men are about as evenly matched as any two pugilists living and the good fights they have put up on the occasion of their former meetings in the squared circles is regarded as proof sufficient that a lively go is on the tapis for tonight.

#### This is to Certify

#### TO CELEBRATE CHURCH ANNIVERSARY.

(By Associated Press.)

Plainfield, N. J., Sept. 27.—Arrangements have been perfected for the celebration tomorrow of the fiftieth anniversary of St. Mary's Roman Catholic church. Bishop O'Connor, of Newark and other prominent priests and prelates are here to take part in the ceremonies of the day.

Jeff Thomas, colored, was placed in jail at Sherman yesterday afternoon on the charge of introducing and selling whisky in the Indian territory. He solved examination before United States commissioner Holt this afternoon.

M. Beveridge is expecting quite likely that free trade is the mother of trusts. But as we have no free trade and an abundance of trusts, it would seem that there is a father involved in the matter.

#### GLORIA MUNDI ITEMS.

(By Uno Who.)

Too late for last week. McGuire stands for no statchood. Flynn stands for, Dennis T. Flynn, Governor Ferguson stands for Thompson B. Ferguson.

They are all making speeches. Nona are sincere.

Flynn is putting the long horn gaff into McGuire and Gov. Tom is accompanying Dennis in order to work up harmony impression.

Barnes is supporting McGuire because McGuire is not Flynn.

Hadi Cade is worried and threatened to resign.

Speed is worried about Pawnee county. Thake's charges might go off.

Asp is watching legislative material grow. So in the text, book left.

## Don't Treat Symptoms

Go after the cause. Stimulants and cathartics will never cure indigestion. They may temporarily relieve the system but the next meal clogs it again. The food should be digested. The nourishment—health—strength it contains should be appropriated—absorbed by the system.

### Children Thrive on Kodol

purifies, cleanses, strengthens and sweetens the stomach. This new discovery digests all classes of food and assists the stomach and digestive organs in assimilating and transforming it into the kind of nourishment that is taken up by the blood and fed to the tissues throughout the various organs of the body. Kodol cures indigestion and dyspepsia, thus removing the cause of all stomach troubles. Kodol gives such strength to the body that it is invaluable in all wasting diseases.

"I wish to thank you for what Kodol has done for me," writes Clifton Gorton, Collett, Ind. "It cured me of dyspepsia after everything else had failed. When I tried Kodol it helped me right away. I cheerfully recommend it."
